

The Wilmington  
Savings Fund Society,  
WM. M. CANBY, PRESIDENT.  
W. J. ELLISON, SECRETARY.  
Office No. 730 Market St.,

Wilmington, Del., Sept. 29<sup>th</sup> 1886

My Dear Dr. Gray

Here is a draft  
on N.Y. for \$21.00 for the Cape Plants.

Looking over *Drodicastrum*  
and noticing the ~~distinct~~<sup>character</sup> of acute  
capsules which you give to *D. Meadonii*  
I wish to call your attention to Patterson's  
No. 99. (1845) Gray's Peak, Colorado, which  
seems to have the capsules more acute  
than any of my Atlantic Coast or Eastern  
Meis. specimens.

I saw Mr. Redfield today who  
told me that he had written to me in  
regard to his set. I will send the letter  
as enclosed to me when it comes to  
my hand.

Very truly,  
Wm. M. Canby
